

## Private Coach Training Waiver

From time to time, LNSC coaches are asked to work with individual LNSC players in a context of “private lessons” by the player’s parents. LNSC neither supports nor discourages this practice as long as those players are not members of a team coached by that particular coach during the current season. LNSC coaches are NOT PERMITTED to work individually or in small group sessions for compensation with any players that they are currently coaching.

Any individual “private lesson” is based on an agreement between the coach and family.

By signing below, you are acknowledging that you understand the following:

- Private lessons are NOT an LNSC function. Players who attend private trainings are not covered by LNSC insurance.
- Coaches teaching private lessons are solely responsible for setting fees that are agreed upon and all proper reporting.
- Coaches teaching private lessons are responsible for securing their own field space.
- Coaches conducting private lessons are not doing so in the context of an LNSC employee and do not represent the club in this context.
- Coaches are contractually prohibited by LNSC from working for additional compensation with any player who is currently in season with an LNSC team that they coach.
